Budget and Finance Officer Darrell Baucom presented the proposed Budget Ordinance for Fiscal Year 2019-2020.

Finance Officer Baucom started by reviewing the proposed Budget Ordinance Fiscal Year 19-20. This budget will show a total of $287,025 of income and the expense is the same amount. The budget uses the same tax rate of 2 cents per hundred dollars. Mr. Baucom then reviewed the proposed Profit and Loss Budget Overview for 2019-2020. He stated that there were no changes from the last Council meeting held when the proposed budget was first presented. On the income side, the proposed fund balance appropriated is $184,775 to be put into savings, meaning the income is about $470,000. The investment income assumes $2.5 million at a little over 2% rate.

On the expense side, the bigger items include: contributions, which is about what is normally planned for the year; liability insurance; maintenance and repairs, which includes yardwork and general repairs; payroll expense is $81,500; payroll taxes separately at $6,300; professional fees, which include the audit bill, consulting (including the arborist), elections expense, legal fees, and zoning administration; retirement fees are what is paid to the state for a pension plan for Sonya; security costs, which is $157 per month; solid waste cost sharing, which is the convenience site over at Piedmont; travel, which is reimbursement for Sonya for errands she runs; and utilities, which includes the reimbursement to the Planning Board for utilities each year (roughly $4,000).

Mr. Baucom asked the Council if there were any questions regarding the proposed budget. He stated that the Town would be keeping a 2-cent tax rate and putting $184,000 in the bank. Mayor Baucom asked for any questions. There being none, the public hearing was closed at 7:20 p.m.
